

## About the Symposium:

The technical symposium conducted every year for the undergraduate students of Computer Science, Civil, Electrical and Electronics, Electronics & Communication and Mechanical Engineering and post graduate students of Computer Science, VLSI, CAD/CAM and Structural Engineering provides a platform for the students of the engineering fraternity for exchange of their ideas and information to keep abreast of the current developments. The overall objective of this mega event is to bring together the expertise and showcase the talents of the students in various disciplines. Technical paper presentations for all the above disciplines are conducted in parallel sessions. Other competitions like, Technical Quiz, Software Debugging, Network Games, Project Contest, Business Idea Presentation, Poster Presentation, Web Design, Engineering Problems, Line Follower (Robots), Documentary Competition, etc to evaluate the general talents of the students are conducted in connection with this Symposium.

### EVENTS:

- ✚ Paper presentation
- ✚ Technical Quiz
- ✚ Identical Differences
- ✚ Ethical hacking Techniques

WIN  
CASH  
PRIZE

₹500  
2ND PRIZE

₹1,000  
1ST PRIZE

₹300  
3RD PRIZE

Expected Loginer

From

Engineering Colleges,  
Polytechnic Colleges &  
Arts and Science Colleges

### Important Dates

Last Date For Registration  
(26-05-2022 - Thursday)

Program Date  
(27-05-2022 - Friday)

Registration Fee Rs. 200/-  
(Per Participant)

Online Registration Link

### Note:

- Certificate will be provided to all the Participants.
- Fee includes Registration, Events Entry & Lunch.
- Spot registration facility is also available.
- The Participants must bring their college ID cards.
- Students can participate in maximum 2 events in technical and non-technical as well.

**DEPARTMENT OF COMPUTER  
SCIENCE AND ENGINEERING**

## About the Institution:

Rukmani Ammal Educational Trust was established in the year 1994 at Sembodai, Nagapattinam District, under the Chairmanship of Rtn. Dr. R. Varatharajan, M.com, M.Ed., D.Lit., to cater the needs, especially of the poor and the downtrodden in providing better education at various fields of study. Sembodai Rukmani Varatharajan Engineering college was founded by Philanthropist Rtn. Dr. R. Varatharajan, M.com, M.Ed., D.Lit., in 2009. It marks the fulfillment of his long - cherished personal ambition. Sticking to the rules and regulations that are all in force throughout the years, the trust serves better in all respects for the development of the down-trodden, socially otherwise economically backward classes of the society by way of providing the right education with its various Educational Institutions for a meager amount.

The college is located in the country side with a scenic beauty of Sembodai, about 10km. away from the Vedaraniyam and 40km away from Nagapattinam on Vailankanni-Vedaraniyam Road. Our institutions as a gift for the **point calimere** people. SRVEC provide a variety of stimulating environments for intellectual development, free thinking, and personal growth, challenging its students with dynamic learning opportunities and equipping them with the skills and technologies insights, attitudes and practical experiences that are necessary to take up responsibilities in the society. The college offers five Under Graduate Engineering programs and four Post Graduate programs.

## ABOUT THE DEPARTMENT:

Computer Science and Engineering Department started along with the Institution established in 2009. This department offers bachelor and master degrees. The main motto of the department is to equip a student as high quality innovative engineer to shine in competitive world and serves the nation in computing field. This department helps the student in creating them as software professionals. The alumni of this department possess a good placement in various companies.

### VISION:

To transform rural background students into technologically superior, high quality professional in Computer Science field.

### MISSION:

- To achieve excellence in Computer Science and Engineering.
- To educate students to improve their life standards and promote them as young dynamic computer science engineers.
